scope of delivery

Set of 2 aluminium folding chairs,
warranty card and these instructions

Cleaning and care

Clean the product with a damp cloth
and a mild detergent. Allow all parts
to dry thoroughly before
repackaging the product. This
prevents the formation of mould,
odours and discolouration.

storage

Store the product in a protected,
dry room.

disposal

Once the product has reached the
end of its service life, please
enquire about the disposal
options at your local authority.

guarantee

In the event of a warranty claim (2
years from date of purchase), please
use the enclosed warranty card.

SAFETY INSTRUCTIONS

Please read these instructions carefully before using the product to avoid any damage caused by improper use!

No liability is accepted for damage caused by improper use.
Proper use includes observing all the information in this manual, in particular the safety instructions.

Keep these instructions in a safe place and pass them on to third parties as soon as you pass the product on.

The product is suitable for private use by persons with a maximum weight of 110kg and should only be used by one person at a time.

To avoid injury, please be careful when folding and unfolding the product.

DANGER FOR TODDLERS AND CHILDREN!

Never leave children unattended with the product and packaging material.
There is a risk of suffocation and accidents.

The product is not a toy and should only be used under adult supervision.
Only use the product if it is in perfect condition and not if damage is visible or suspected. Check the product for damage before each use.

ACCIDENT HAZARD!

Before use, ensure that the product is fully unfolded and stable on a firm surface.

Never sit on the backrest or armrests and never stand on the product.
Observe the maximum load capacity of 110kg. If this weight limit is exceeded, this can lead to injuries and/or damage to property.

The product is not intended for commercial use.

Do not use the product near naked flames and store the product safely in windy and stormy conditions to prevent it from flying around and damaging people or property.
